

1001 hackseq

RNA

An $\{RNA\}$ omics hackathon

May 22-24, 2020

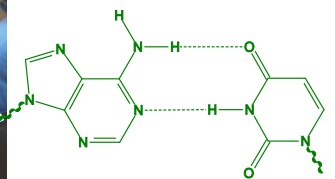

Vancouver, BC

(prior to the RNA Society meeting)

First Applications due: Feb 28th, 2020

hackseq is a computational biology hackathon

- Propose a computational RNA project
- Recruit a team of world-class researchers
- Sprint for 72 hours to code it into reality
